Freight Options Widget

Widget Use

Presents the various shipping methods available to the user during checkout. Each option and its associated cost are displayed so that the user can make their selection before proceeding to payment.

The widget is also used to present pickup locations when Store Pickup functionality is enabled.

Example of Widget Use

Following is an example of the widget in use:

(+\$12.99) Toll lpec (ex GST)

(+\$10.45) Australia Post (orders < \$100) (ex GST)
</p>

Where can the Widget be placed?

The widget can be used in the following templates:

- Checkout Template
- Checkout Quote Template
- Guest Checkout Template
- PayPal Express Template

| Option | Use | Comments | Available from Version |
|--|---|--|------------------------------|
| Description | A short description of the widget's use. | We recommend this field be updated so the widget's purpose is clear at a glance from the template page. | All |
| Layer | The layer the widget is valid for. | The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user or if the same widget is required for more than one audience but different configurations are needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget. | All |
