

Dashboard Articles Widget

Widget Use

Displays a list of the site's news articles, with an image, title, a 'read more' link, and the article expiry date.

Example of Widget Use

 News

View More	Description	Expiry Date
 View More	Meet our newest team members!	03/09/2020
 View More	Say goodbye to shipping charges	03/09/2020
 View More	Tips for protecting your privacy online	03/09/2020

Where can the Widget be placed?

The widget can be used in the following templates:

- Dashboard page

Widget Options

Option	Use	Comments	Available from Version
--------	-----	----------	------------------------

Description	A short description of the widget's use.	We recommended this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	<p>The layering technology allows for the content to be shown to specific audiences.</p> <p>This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed.</p> <p>The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.</p>	All
View All Button Url	The page the View All button redirects the user to.	If this field is not populated, no "View All" will be displayed	4.10
Article Type	The filter to determine which set of articles this widget displays. For example, Latest Promos, News, other other article group you've defined.	<p>Default is: disabled</p> <p>Tick to enable</p>	4.10
Article Route Prefix		Default is: article	4.10
Titles			
Title	The heading displayed at the top of the widget.	Default is: News	4.10
Title Icon	The icon displayed to the left of the widget title.	Default is: cv-ico-general-new	4.10
Buttons			
View All Button Label	The text on the button which redirects the user to the page containing all articles.	Default is: View All	4.10
View All Button Icon	The icon displayed next to the button text.	Default is: cv-ico-general-plus2	4.10
Messages			
No Data Message	The message displayed in the widget when there are no articles to show.	Default is: Currently no data to be loaded	4.10
Prompts			
Description Heading	Displayed at the top of the Article Title column.	Default is: Description	4.10
Promotion Ends Heading	Displayed at the top of the Expiry Date column.	Default is: Expiry Date	4.10

Other Widgets

- [Order Payment Links Form Widget](#) — Renders an order details stepper with an order form that can be automatically populated with query strings, and/or manually entered by the user. The form doesn't validate the order details are accurate in order to stay both secure and accessible to unauthenticated users.
- [Magic Link Authentication Message Widget](#) — Renders the Magic Link authentication message.
- [CUSTOM_Side by Side Content Tiles Widget](#) — Renders two side by side content tiles in a zone with widget options for selecting or adding background colour, image, text and link/button positioning.
- [Stock Dialog Widget](#) — Displays the Stock to Receive Detail dialog window.
- [Stock to Receive Widget](#) — Displays the Stock to Receive page.
- [Stock Levels Widget](#) — Displays Stock Levels page.
- [Order Declined Pending 3rd Party Installment Msg Widget](#) — Renders the message body for the email sent when the user selects to sign up and pay with a Buy Now Pay Later provider but approval is subject to further checks.
- [Order Field Static Widget](#) — Renders an additional order field in email templates.
- [Online Quote Validation Widget](#) — Renders the appropriate message to the user after the current status of an online quote accessed via an email link is validated.
- [Header Level Cost Centre Widget](#) — Renders the cost centre input field on the order header in the shopping cart.
- [Openpay Summary Widget](#) — Renders Openpay marketing information for a product on the product detail page. Use this widget instead of the [Product Purchase Details widget](#) if you want to customise tagline placement on the template.
- [Order Line Availability - Click and Collect Widget](#) — Displays product availability and delivery methods at the order line level in dynamic scenarios such as the cart when Click & Collect is enabled.
- [Account Activation Email Content Widget](#) — Renders the message content in the Invitation to Register an Account email.
- [Order Template Cost Centre Widget](#) — Renders the cost centre input field on each product line in an order template.
- [BPAY Account Payment Detail Widget](#) — Renders BPAY payment information in the body of the BPAY Account Payment email. This email is sent to users who pay invoices or pay down their account balance using BPAY.
