

Navigate Text Fields in Product Maintenance: Product Information

Allows use of tab button or mouse to navigate between Product Maintenance sections. This feature stops the editor popping-up every time you enter the field.

Step-by-step guide

- 1. In the CMS, go to **Products & Categories** *Product Maintenance*.
- 2. Select any product and click **Edit**.

 **Product Maintenance**

Endurance T10 treadmill

Sub Title

Exercise in the privacy of your home

Product Description

Rigid Steel Frame Construction. Heavy-duty 2" x 3" and 2" by 4" steel frame construction delivers a rock-solid platform for hardcore cardio workouts. The Endurance T10 is built to withstand constant pounding and jarring. Lifetime Tread belt and Shock Absorbent, Low Maintenance Deck. Unlike other brands, Endurance tread belts are guaranteed for life. Plus, our ultra low maintenance phenolic deck employs a SRS (Suspended Running Surface) design supported by a multi-point shock absorption system. What this means is that your knees, hips, ankles and feet will feel comfortable, even during long marathon sessions. Extra Thick and Durable Tread Belt. Multi-ply tread belts are fusion-welded for strength, flexibility and smooth travel over the phenolic deck. Unlike other brands, Endurance tread belts are guaranteed for life. Powerful Motor. Endurance motors are designed to exceed horsepower and performance standards for home-use treadmills. Each

Product Notes

6. Click your mouse in the field, avoiding the pencil icon, and you will see that the editor window will not pop-up.

7. Hover over the pencil icon and watch it change colour.
