

Cart Promotional Code Entry Widget

Widget Use

Used for the entry of promotion codes in the shopping cart. The user enters the code and clicks to apply it to their order.

Example of Widget Use

Following is an example of the widget in use:

Where can the Widget be placed?

The widget can be used in the following templates:

- Cart Template

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommend this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user or if the same widget is required for more than one audience but different configuration are needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.	All
Heading	The text displayed at the top of the widget, above the code input box.	Default: Have A Promo Code?	All
Heading Icon	The icon displayed to the left of the Heading text.	Default: cv-ico-general-bookmark Select via drop-down	All
Input Placeholder Text	The placeholder text displayed in the code input box.	Default: Enter Code Here	All
Apply Button Label	The text displayed on the 'Apply Code' button.	Default: Apply Code	All
