

Cart Quote Button Widget

Widget Use

Places the 'Request Quote' button in the shopping cart. This submits the order as a quote, rather than proceeding through checkout and completing payment.

Example of Widget Use

Following is an example of the widget in use:

Where can the Widget be placed?

The widget can be used in the following templates:

- Cart Template
- Checkout Template
- Checkout Quote Template
- Guest Checkout Template
- PayPal Express Template

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommend this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	<p>The layering technology allows for the content to be shown to specific audiences.</p> <p>This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience but different configurations are needed.</p> <p>The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.</p>	All
Button Prompt	The text displayed on the button.	Default: Request Quote	All
Button Icon	The icon displayed to the left of the button text.	Default: cv-ico-general-paperplane Select via drop-down	All
Right Align?	Pushes the widget to the right of the zone it is located in.	Default: ON Toggle to disable	All
