Where can the Widget be placed?

The widget can be used in the following templates:

- Theme Layout Template

Widget Options

Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	We recommended this field be updated so the widget's purpose is clear at a glance from the template page.	All
Layer	The layer the widget is valid for.	<p>The layering technology allows for the content to be shown to specific audiences.</p> <p>This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed.</p> <p>The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.</p>	All
Login URL	The page the user is directed to after clicking the login link.	Default is: /login	All
Redirect to previous page after login / logout	Redirects the user to the page they were viewing pre-login / logout (instead of redirecting to the home page or other default behaviour).	<p>Default is: unticked</p> <p>Tick to enable</p>	3.91

Show Icon	Determines whether the default login/logout icons are displayed to the left of the prompt text.	Default is: ticked Untick to disable	All
Login Prompt	The text displayed for the login link.	Default is: Login	All
Logout Prompt	The text displayed for the logout link.	Default is: Logout	All
Show On Mobile?	Determines whether the widget is displayed on a mobile device. If unticked, this widget will be hidden on mobile devices.	Default is: ticked Untick to disable	All
Show Only Icon On Mobile?	Determines whether just the icon is displayed on mobile devices. If ticked the prompt text will be hidden on mobile devices.	Default is: ticked Untick to disable	All
Right Align?	Pushes the widget to the right of the zone it is located in.	Default is: ticked Untick to disable	All

Other Widgets

- [Order Payment Links Form Widget](#) — Renders an order details stepper with an order form that can be automatically populated with query strings, and/or manually entered by the user. The form doesn't validate the order details are accurate in order to stay both secure and accessible to unauthenticated users.
- [Magic Link Authentication Message Widget](#) — Renders the Magic Link authentication message.
- [CUSTOM_Side by Side Content Tiles Widget](#) — Renders two side by side content tiles in a zone with widget options for selecting or adding background colour, image, text and link/button positioning.
- [Stock Dialog Widget](#) — Displays the Stock to Receive Detail dialog window.
- [Stock to Receive Widget](#) — Displays the Stock to Receive page.
- [Stock Levels Widget](#) — Displays Stock Levels page.
- [Order Declined Pending 3rd Party Installment Msg Widget](#) — Renders the message body for the email sent when the user selects to sign up and pay with a Buy Now Pay Later provider but approval is subject to further checks.
- [Order Field Static Widget](#) — Renders an additional order field in email templates.
- [Online Quote Validation Widget](#) — Renders the appropriate message to the user after the current status of an online quote accessed via an email link is validated.
- [Header Level Cost Centre Widget](#) — Renders the cost centre input field on the order header in the shopping cart.
- [Openpay Summary Widget](#) — Renders Openpay marketing information for a product on the product detail page. Use this widget instead of the [Product Purchase Details widget](#) if you want to customise tagline placement on the template.
- [Order Line Availability - Click and Collect Widget](#) — Displays product availability and delivery methods at the order line level in dynamic scenarios such as the cart when Click & Collect is enabled.
- [Account Activation Email Content Widget](#) — Renders the message content in the Invitation to Register an Account email.
- [Order Template Cost Centre Widget](#) — Renders the cost centre input field on each product line in an order template.
- [BPAY Account Payment Detail Widget](#) — Renders BPAY payment information in the body of the BPAY Account Payment email. This email is sent to users who pay invoices or pay down their account balance using BPAY.
