Widget Options

General Option	Use	Comments	Available from Version
Description	A short description of the widget's use.	Update this field so the widget's purpose is clear at a glance from the template page	All
Layer	The layer the widget is valid for.	The layering technology allows for the content to be shown to specific audiences. This is handy if the content is only valid for a certain type of user, or if the same widget is required for more than one audience, but different configuration is needed. The widget can be added to the zone more than once and the layer feature can determine which audience can see each widget.	All
Credit Card Expiry Message	Text for message displayed that a credit card is expiring soon.	Default: Your credit card will expire in {0} day(s). Please update your new card information.	4.19
