

# CMS Category Maintenance Settings

Requirements

This feature must be switched on for your site by [Commerce Vision](#).

## Overview

Product categories used on your website are initially integrated from your ERP, but if it suits your business processes, you can bypass ERP category integration and opt for complete online maintenance. The [Category Maintenance](#) functions will differ depending on which option is used.

## Selecting Integrated or Complete Online Category Maintenance

You can select either Integrated or Complete Online Category Maintenance mode. In Integrated mode, category maintenance except for exclusively online category features is done in the ERP. In the complete online mode, all category maintenance is done in the CMS.

Enabling the **Online Category Maintenance** feature will disable the **Integrated Category Maintenance** feature. It will also change your Category Maintenance display to group sub-categories under the parent category rather than list all categories individually. You will not be able to limit your display to custom or global categories. All other options remain the same.

Category Maintenance

Need help configuring these settings? Check out our [CV Connect](#) article for more information.

## Integrated Category Maintenance

- In the CMS, navigate to **Settings** **Feature Management** **Products & Categories**
- Toggle **ON** **Integrated Category Maintenance** and click **Configure**.

Feature Management

Search for a feature...

	Feature	Available in CMS	Options
Cluster LineType Maintenance	Maintain Cluster LineType information online.	<input checked="" type="checkbox"/>	Configure
Cost Centres	Configure Cost Centre options for your website.	<input checked="" type="checkbox"/>	Configure
Custom Catalogues	Create web-based catalogues for specific customers.	<input checked="" type="checkbox"/>	
Integrated Category Maintenance	Integrate your category structure from PROTO, but maintain additional category content online (such as images).	<input checked="" type="checkbox"/>	Configure

- In the **Integrated Category Maintenance Settings**, toggle **ON** **Enable Integrated Category Maintenance**. This enables the feature for your site.

4. Configure setting options as required, then click **Save** or **Save & Exit**.

## Online Category Maintenance

1. In the CMS, navigate to **Settings** *Feature Management* **Products & Categories**
2. Toggle **ON** *Online Category Maintenance* and click **Configure**.

3. In **Online Category Maintenance Settings**, toggle **ON** *'Enable Online Category Maintenance Settings'*. This enables the feature for your site.
4. To be able to access a category's products, and add other products to a category directly from Category Maintenance, toggle **ON** *Show Product Options for all Categories*.
5. Tick the **Enable Note Field 1 - 5** checkboxes to display 1-5 fields the user can enter notes in.
6. In the **Category Menu Editor Settings** panel,  

The screenshot shows the 'Category Menu Editor Settings' panel. It has a title 'Category Menu Editor Settings' and a subtitle 'Configure Category Menu Templates'. There is a green button 'Edit Category Menu Templates'. Below it are several checkboxes, each with a 'Show' icon and a 'Note' icon. The checkboxes are: 'Show Top Category Meta Menu Editor' (checked), 'Show Right Category Meta Menu Editor' (checked), 'Show Bottom Category Meta Menu Editor' (checked), 'Show Left Category Meta Menu Editor' (checked), and 'Enable Template Based Category Menu' (unchecked).
7. Configure setting options as required, then click **Save** or **Save & Exit**.

## Additional Information

Minimum Version Requirements	*** **
Prerequisites	<p>In order to maintain categories online:</p> <ul style="list-style-type: none"><li>• The <b>'Product Maintenance'</b> feature must be enabled with the <b>'Categories'</b> option on. If this wasn't done during your site's implementation phase, you can request an update at any time.</li><li>• Category integration from PRONTO must be disabled (by Commerce Vision) - otherwise the changes you make in the CMS will be overwritten on the next data send from the Integrator.</li></ul>
Self Configurable	Yes
Business Function	Products & Categories

<b>BPD Only?</b>	Yes
<b>B2B/B2C/Both</b>	Both
<b>Ballpark Hours From CV (if opting for CV to complete self config component)</b>	Contact Commerce Vision
<b>Ballpark Hours From CV (in addition to any self config required)</b>	Contact Commerce Vision
<b>Third Party Costs</b>	n/a
