

# New Promotion Codes

Four new promotion codes are available for versions 4.31+.

Here are the new scenarios:

- When I buy X quantity of eligible products, the cheapest one is free
- When I buy X quantity of eligible products, I get Y% discount on Z additional quantity
- When I buy X quantity of specific products, then I get a Y% discount on those products
- I can buy X quantity of eligible products for a set price

For more information, see: [Promotion Codes Overview](#).
